The Divisional Commissioner,
BELGAUM.

Reference:- B.G.L., A. & F.D. No.0/91161/E,
dated 11-9-1956 (copy enclosed).

In submitting herewith the case papers resting with the Assistant Collector, Savanur Division's endorsement No. LGLSR-1219, dated 17-2-1957, I have to state as under :-

S.No.81 of Machenhalli, Taluka Shirahatti measuring ^{A--G.} 22-36 and P.K. 24 gunthas and assessed at Rs.5/- was formerly Government waste. This land was leased out for cultivation to Shri Dymann Giddappa Wadde and three others since 1949-50. Subsequently, this land was included in the lands notified under Section 20 of the Indian Forest Act as reserved forest under Bombay G.N., A. & F.D. No.6797/33240(a)-J, dated 23-6-1953, as stated by the Divisional Forest Officer, Dharwar in his letter No. G/11/Spl/64/1188 of 1955-56, dated 18-10-1955 (vide page 265).

In their application dated 28-7-1955, addressed to the Deputy Minister for Forests to the Government of Bombay, the applicants request that the land may be continued with them on lease at least for that year as otherwise they would be put to heavy loss. This application has been enquired by the Forest Department which has recommended the disposal of 10 acres of land out of S.No.81 of Machenhalli to the applicants for cultivation permanently after disforestation.

It will take some time to get the land disforested and to grant it to the applicants permanently. The Forest Authorities may, therefore, be requested to allow the applicants to cultivate the land on lease on usual terms and conditions till it is disforested and granted to the applicants.

As regards the eligibility for permanent grant of 10 acres of forest land under the standing orders of Government for the disposal of Government waste lands, this case is covered by para 12 of G.R.R.D. No. LND-3953-V-B, dated 20-8-1954. The information required by this para of the G.R. is furnished below :-

- i) The applicants-lessees are bonafide agriculturists;
- ii) They have cultivated the land on eksali lease since 1949-50 i.e. more than 3 years;
- iii) The initial lease of the land was bonafide and unobjectionable in as much as the applicants to whom the land was leased are members of the Backward Class;
- iv) The grant of land does not exceed the prescribed limit of an economic holding as the applicants are landless persons;
- v) The estimated patch valuation of the land is Rs.20/- per acre. The applicants are poor Backward Class persons having no lands. The land was virgin at the time of its initial disposal on lease to them. The applicants are, therefore, eligible for concession in e.p. equal to three times the assessment of the land in accordance with the orders contained in G.R.R.D. No. LND-3955/38100, dated 10-6-1955 (copy enclosed). This may be considered at the time of grant of the land permanently after disforestation.
- vi) The entire S.No.81 of Machenhalli was leased out to the applicants on condition that they should bring the whole area under cultivation within a period of one year which they failed to do. They have thus violated the conditions of lease. Since the forest authorities recommend the grant of 10 acres of land only permanently to the applicants, the breach may be condoned.

In view of the facts stated above, Government may be moved to accord sanction to submit necessary draft notification with regard to the proposed ~~disforestation~~ disforestation and to the grant of 10 acres of forest land out of S.No. 81 of Machenhalli on new and impartible tenure to the applicants.

The applicants state that ~~as~~ they have been
cultivating the land measuring 22 acres, 36 gunthas
out of Govt waste R.S. No 81 of village Machinhalli
since 7 years on EK-Sali lease granted by the
Mamlatdar of Shirahatti. They brought the land under
proper cultivation, in which there were rocks and
herbs and trees. They have received ^{notice} ~~an order~~ on 22-7-55
from the Round Forest Officer, Shirahatti, stating that
the applicants should not cultivate the land since
then as it is included in the Reserved forest areas.
If they cultivate the same they will be defaulters
according to Rules. They further state that they
have no other land for cultivation, excepting this.
If it is confiscated, they will be under a great loss.
Now they request, to allow them, at least
this year, to cultivate the land in question.

Subject: Withdrawal of land given out for cultivation.

Ref: Your No. 22(gen)/9997 of 27/28-9-1955.

The survey number 81 of Machanahalli Taluka Shirhatti measuring 23 Acres 20 gunthas has been declared as Reserved Forest under Sec. 20 of the I.F. Act 1927 in the Government Notification No. 6797/33240(a)-J of 23-6-1953.

It is reported by the Range Forest Officer Shirhatti that formerly this was a Government waste and the area was leased out by the Revenue authorities in the year 1949-50 on Eksali basis to Shriyuts Dyamanna Waddar and three others. It is further reported that area measuring about 8 to 10 acres has already been brought under cultivation by these people after spending about Rs. 300 to 400. This area does not contain any tree growth and is fit for cultivation. Hence there is no objection to disforest only an area of 8 to 10 acres in favour of the above persons.

Application received along with the Government Endorsement (A. & F.D.) No. 0/101242-E of 2-2-1955 is returned herewith.

Letter No.G/11/Spl-64/1628 of 24/27.12.1955
from the Divisional Forest Officer, Dharwar to the
Conservator of Forests, S.C., Belgaum.

Subject: Withdrawal of land given for cultivation.

Ref: Your No.22/230/3223 dated 20.12.1955.

The Prant Officer, Savanur who was referred to into the matter reports that no records are available to show how S.No.81 of Machanalli was proposed for afforestation. After going through the Revenue records he has informed that the S.No. in question was leased for cultivation since 1949-50 after executing the lease deed. It is reported that originally the S.No. was taken to Government waste as per orders of the then State Rulers in the year 1934 as the original kabjedar Shri Chanabasappa Sangappa had resigned the land.

A separate correspondence for granting this land on permanent basis is already started by the Revenue Department on the application of the leasees dated 23.3.1950. On going through that correspondence it is seen that the Mamlatdar Shirhatti had proposed the land for granting on permanent basis. But the Assistant Collector had found that there was deficit of grazing area for the village as per G.R. R.D., No.7633/1949 dated 11.12.1952 and hence he had referred the matter to the Divisional Forest Officer, for his remarks. The Divisional Forest Officer had reported under his No.G/11/3263 of 21/22.7.1953 that whatever waste lands available should be preserved for grazing, in view of shortage of grazing area in the village, so that the forest will be free from danger of being grazed. The Prant Officer informs that action was therefore taken and land was entered as forest on 8.8.1954.

Out of the total area of 23 acres and 20 gunthas about 8 to 10 acres has been brought under cultivation, by spending about 300 to 400 rupees and this cultivated area does not contain any tree growth. In these circumstances only an area of 8 to 10 acres already cultivated may be disforested as already proposed.

To

The Chief Conservator of Forests,
State of Bombay, P. o n a - 1.

Ref:- Your No. 17/D/SG/215/A/8448 of 15-3-1956.

It is reported by the Divisional Forest Officer, that out of the area of 23 acres 20 gunthas from S.No. 81 of Machenalli leased out by the R.D. in 1949-50, an area of 8 to 10 acres has been brought under cultivation by the applicant lessees after spending about Rs. 300/- to 400/-.

Since the orders contained in G.R. Agriculture & Forests Department No. FDM-1054 of 8-7-1954 have been amplified by Government in their Resolution No. FDM-1054 of 21-9-1955, the Divisional Forest Officer was asked to report whether the area in question will be required by this Department for forest conservation. He has reported that the grant of the area will create awkward boundaries of the forest and it will be required for forest conservation since the District has 7 to 8 percent of forest lands as against the minimum of 33 percent. Since there is no tree growth except banne trees in the

cultivated area of 8 to 10 acres and the lessees have spent Rs.300 to 400 for bring the area under cultivation, it will be too harsh to withdraw the area now from them. As the applicant lessees belong to backward class (i.e. Waddar caste) the cultivated portion of 8 to 10 acres may be disforested and granted in their favour. The uncultivated area may be resumed.
